

## **NOW HIRING!**

### **Materials Coordinator:**

A materials coordinator is responsible for putting together and distributing relevant materials, distributing them in predetermined locations, retrieving them in a few days and returning them to the office. You must have your own vehicle or access to reliable transportation. This is a part time position with potential for full time depending solely on you. We offer a base pay of \$10/hr, bonuses and gas reimbursement. No experience is required.

### **Scheduling Assistant:**

This is a door-to-door position, however there are no sales involved. You're simply scheduling appointments for homeowners to get their water tested. No experience is required and we offer on the job training. This position is for someone with a big personality, is outspoken and doesn't take no for an answer. If this seems like you apply today! This is an evening shift position from 4:00pm-8:00pm or 5:00pm-9:00pm Monday-Friday. You must have your own vehicle or access to reliable transportation. We offer a base pay of \$10/hr as well as bonuses and gas reimbursement.

### **Salesperson:**

No door-to-door required; your appointments will be set for you. This position is made for the extroverts out there. On the job training available for those who do not have sales experience but want to get into the field. Pay starts at \$14 hourly plus commission. With so much opportunity for growth and uncapped commission this is the position you've been waiting for.
